NOTES

1. START POINTS – N.OXON from Rock of Gibraltar pub. COTSWOLD from the Golden Heart Inn
2. The en-route Meeting/Re-fuelling point will be at [Royal Wootton Bassett](#) just south of the M4 west of Swindon
3. You can go independently and arrive as and when it suits you best – don't feel it's rigid
4. Please join in by looking at the Cotswold facebook page and/or the main WSCC Forum and put your names down to receive full instructions and route information or simply contact Gary or myself by email or phone. Do make sure you tell us your mobile phone numbers
5. For easy driving we will drive in smallish groups each with a "leader" and a "rear end sweeper" to pick up the waifs and strays. Instruction Maps will be available
6. This event is weather sensitive and if, on the previous evening, the organisers judge the weather to be too bad the postponement will be posted on facebook pages and texts to mobiles will be sent to all known participants
7. Full details about times, routes and parking places will be advised soon

We look forward to seeing you there so in the meantime "drive fast and safely"
