Steve Adkins of SA Motorsport runs a small workshop that specialises in metal fabrication of all kinds of product for the world of competitive cars including kitcars. Currently he is working on a hillclimb/ sprint 3-series saloon and will show us what and how he tackles this special work. **Over the years he has created four different things that you see fitted on Donna and Malc's car -- custom Roll Cage, the front splitter, front canards and the rear diffuser.**

For the world of Kitcars SA have fabricated all these things and more custom work like passenger covers so expect to see some samples of this work - *who knows, you may come away with a new rear diffuser fitted!*

OUR MAIN AIM IS TO HAVE A NICE RUN OUT --- DONNA and I have fixed a really good cross-country tour and we'll build in a lunch

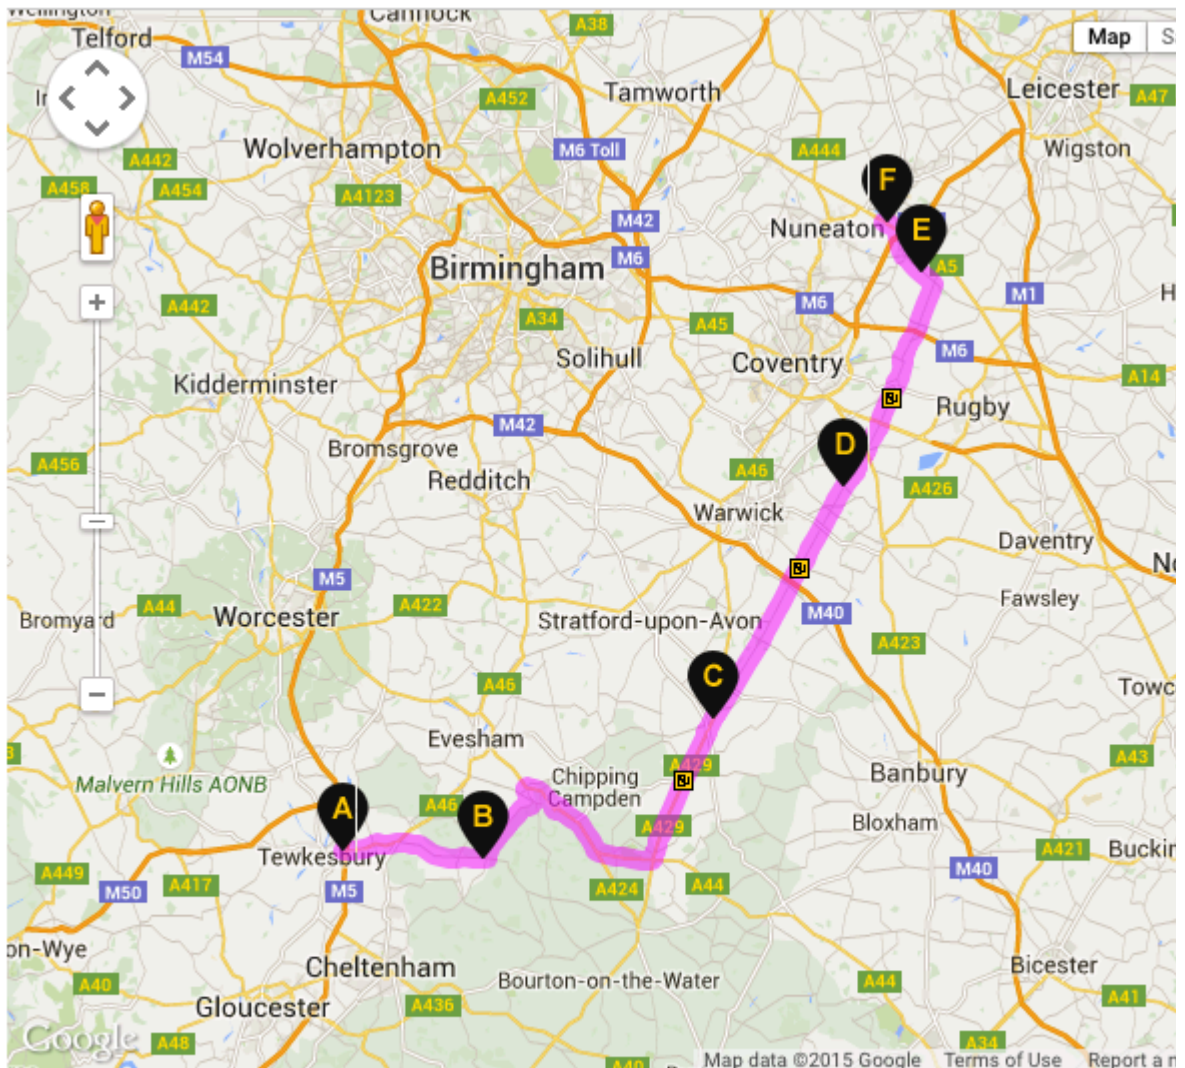

of some kind it could even be a barbecue at SA's place! It's a 70 mi trip along the Fosse way and you'll really enjoy the scenery.
